Citation: Swathi P (2020) Editorial Note for Journal of Annals of behavioral science (IPABS)

Editorial Note:

The [Annals of Behavioural Science \(IPABS\)](#) broadcasts about the latest experimental, empirical, theoretical, clinical observations and interpretations in medical and clinical originating from all across the world. The IPABS journal is about the scientific study of human behaviour and behavioural disorders, including efforts to understand their genetic, biological, psychological, and social causes. The IPABS journal promotes communication and sharing of innovations and insights among academicians, researchers, clinicians, physicians and other health care and medical professionals who deal with behavioural science. The IPABS journal focuses on topics such as Cognitive Behavioural Therapy, Behavioural Counselling, Personality Psychopathology, Adolescent Psychopathology, Behavioural Genetics, Obesity Psychopathology, Parental Psychopathology, Children Depression, Paraphernal, Paranoia, Conflict and Crisis Management, Personality Disorder, Intimate Partner Violence, Psycho-social Behaviour, Psychological Behavioural Science, Maladaptive Problem Solving, borderline personality, Mood disorders etc.

Annals of Behavioural Science is an international

peer reviewed journal that makes significant contribution to the major areas of behavioural science and explores the complexities and controversies facing psychotherapists along with the cutting edge aspects of Descriptive and Experimental Psychopathology, Phenomenology and Psychiatric Diagnosis.

The IPABS journal has archived resource of several issues which tract the significant steps during the evolution of behavioural science. In order to publish up-to-date, high-quality and original research, IPABS aspires to coin a special issue-2020 on Coronavirus disease pandemic. Therefore, the Editorial Board members of IPABS have decided the special issue title as ["Using social and behavioural science to support COVID-19 patient"](#).

The IPABS journal has published all issues of volume 5 online within the time duration and the print issues were also have been brought out and dispatched within the duration of 30 days of publishing the issue online during the year of 2019.

During the calendar year of 2019, IPABS journal have received a total of 20 manuscripts, out of which 16 articles (90%) were rejected in the preliminary screening due to plagiarism or due to being out of the format and peer review process. During 2019 around 4 articles were subjected for publication after they are accepted in the peer review process. In the 2 issues of Volume 5

published during the year 2019, a total of 5 articles were published (at an average of 2 articles per issue) of which, articles were published from authors all around the world. The articles have been globally accessed by the research scientists and also cited.

During the calendar year of 2019, there were a total of two editors and four Reviewers who have joined the board of IPABS and have contributed their valuable services towards the contribution as well as in the publication of articles, and also their valuable reviewer comments were beneficial for publishing the article with good quality in the Journal.

The association with the imedpub group has increased the Readership Metrics (By Google Analytics) of IPABS Journal which can be accessed at [Google Analytics Metrics for the Annals of Behavioural Science](#).

Authors are cordially invited to submit their current research activities and outcomes in the form of any article type of science communication such as original research, review, expert opinion, commentary, short note communication to our Journal.

Manuscripts can be submitted online via [Editorial Tracking System](#) or as an E-mail attachment to the Editorial Office at behaviouralsci@imedpub.org. IPABS is using Online Review and Editorial Tracking Systems for quality review process and the authors can submit manuscripts and track their progress.

I take this opportunity to acknowledge the contribution of (Dr. **Leandro Bueno Bergantin**) during the final editing of articles published and the support rendered by the editorial assistant, in bringing out issues of IPABS in time. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of IPABS, the office bearers for their support in bringing out yet another volume of IPABS and look forward to their unrelenting support to bring out the Volume 6 of IPABS in scheduled time.
